

iDISPLAY Floor Stand

The iDISPLAY Floor Stand adds even more versatility to the iDISPLAY Interactive Tablet line. The two sizes of the iDISPLAY Floor Stand accommodate a variety of screen sizes for a multitude of display options, while the optimal height allows your information and messaging to be shown effectively and prominently. The lightweight design and ability to be folded creates instant portability for easy packaging and transportation.

The versatile features of the iDISPLAY Floor Stand create adaptability to fit your retail needs, guaranteeing your content receives maximum exposure.

Fits a Variety of Screens

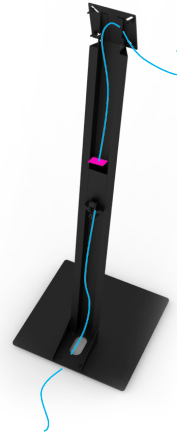

The small display stand accommodates tablet screen sizes 8", 10.1", 13.3", 15.6", 18.5".

The large display stand accommodates tablet screen sizes 21.5", 24", 27", 32".

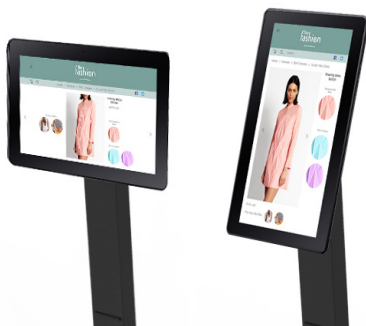

Foldable

The iDISPLAY Floor Stand folds in half for convenient packaging and transportation and allows for easy assembly and setup.

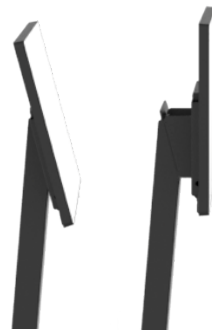

Hidden Cables

A slot conceals adapters and wires for easy cable management and a neat presentation.

Screen Rotation

Screens can be mounted in either horizontal or vertical orientation to create optimal presentation for your content.

Adjustable Angle

The small size iDISPLAY Floor Stand has an adjustable angle which gives the option for the screen to be tilted or displayed vertical to the ground.

Industrial Build

Industrial-grade sturdiness allows the iDISPLAY Floor Stand to withstand constant interaction within the retail environment.
